

Broadhembury Access Statement

Broadhembury Holiday Park extends a very warm welcome to all visitors.

We have considered the requirements of our visitors – from the very youngest to seniors, doing our best to accommodate everyone's needs wherever possible. Where full access is not possible, we hope that we have made this clear within this statement.

ARRIVAL AT BROADHEMBURY

Reception and Tourist Information Centre.

Level driveway (with unlocked horizontal barrier in place at night) leads to **our** Reception and well stocked Tourist Information Centre, which are open daily from 8am until 8pm (shorter hours during low season). Accessed by either a ramp or 2 shallow steps. Door 1 metre. A low counter is available for registration. Large print details available.

We do not provide a hearing loop, but our staff are experienced in helping people with hearing difficulties. In order to maintain security in the case of fire we ask people with hearing difficulties to inform our receptionist when registering.

ACCESS TO MAIN TOURING PARK

Access to the main touring park is along a level tarmac roadway, via an entry controlled

gateway (24 hour access), with an keypad 90cm high. Some pitches are on hard standing, directly off of the park road, others are across a level grass area.

We have 4 large hard standing pitches and 2 grass pitches, suitable for people with mobility difficulties, within 10 -25 metres of "the Hollies" amenity building.

"COUNTRY MEADOWS" – for Adults

Large grass pitches, and 12 metres sq., fully serviced pitches with gravel hard standings (awnings receivable), lawned area, water, drainage & sewerage and BBQ table.

Quietly situated, close to the park reception, this area which has perimeter pitches, and drive on/off pitches for touring caravans and campervans, is level; close mown grass, and bordered by mature trees. It is very popular with our regular guests, but we do point out to new visitors that this area is the furthest from "The Hollies", and there is a 120 metre walk to the showers and toilets.

LATE ARRIVALS

As there is no access onto park for arrivals after 10pm, arrivals after this time may park caravans or motor homes on the area provided outside reception building (16amps elect available). If possible, please let us know of your arrival as there is also no access to park facilities without a code to operate the security gate.

HOLIDAY HOME HIRE

We have no holiday homes especially designed for wheel chair access. All have 2 steps at the entrance doors, are fully self – contained, and minimum size is 35' x 12'. Internal floors are level, and so are the surrounding lawns, parking bay and pathways.

Broadhembury Access Statement

Please see this section of our web pages for information. We will be pleased to provide further details if required.

BRINGING YOUR DOG (maximum 2 per unit)

Our dog exercise area is a 150 metre pathway through a half acre meadow with waste facility, situated on level or gently undulating, with close mown paths amongst areas of natural meadows. There are woods and footpaths suitable for dog walking from the park. Details of vets, kennels etc. at reception.

Only support (assistance) dogs allowed in park buildings, playgrounds and sports field.

BROADHEMBURY 5* PARK FACILITIES

To make it easy to find the particular facilities that are of importance to you, we have itemised facilities in alphabetical order. Fenced perimeter, level ground throughout.

Contains 5-a-side football goal posts, and plenty of room for other games to be played.

Special security note to Parents and Guardians. We consider our play areas to be safely situated, and Management and Staff at Broadhembury do all they can to ensure that all facilities are well maintained. However, it is up to Parents and Guardians to see that their children are safe at all times. Young children should not visit any facilities un-accompanied. Your children's safety is our concern, but your responsibility. Thank you in advance for your co-operation.

PARK SHOP

A small park shop selling necessities, bread, dairy produce, beers & wines, sweets, ice creams, camping accessories, gas and newspapers forms part of our reception building. This is available at all times for new arrivals, from 9 – 12 & 4 – 6 during low season, with extended hours during the summer.

INTERNET ACCESS

The internet can be accessed via a computer in reception,

And Wireless Broadband access is available throughout the park. Charges apply.
